

ABOUT HILCORP

Hilcorp was founded in 1989 with the vision of being the premier independent energy company in America. Today, it is the largest privately owned oil and natural gas producer in the country and employs almost 3,000 employees across the nine states where we operate.

Hilcorp acquires conventional oil and gas assets and optimizes them by leveraging our teams' operational expertise, modern technology, and innovation, along with an equal commitment to safety and environmental responsibility.

HILCORP IN TEXAS

- Hilcorp was founded in Texas, and operates today in 35 counties across the Lone Star State. Hilcorp's corporate headquarters is located in Houston.
- Hilcorp operates some of the most famous and iconic oilfields in the state, including West Ranch, Tom O'Connor, Katy Field and Old Ocean.
- At West Ranch, Hilcorp launched a first-of-its-kind project using carbon dioxide (CO2) captured from coal plant emissions for Enhanced Oil Recovery (EOR), resulting in over 3.7 millions tons of CO2 being sequestered.
- Hilcorp has been a leader in state-of-the art plugging & abandoning (P&A) of retired wells, with over \$10 million spent in 2022 on P&A in Texas alone.
