ABOUT HILCORP

Hilcorp was founded in 1989 with the vision of being the premier independent energy company in America. Today, it is the largest privately owned oil and natural gas producer in the country and employs almost 3,500 employees across the nine states where we operate.

Hilcorp acquires conventional oil and gas assets and optimizes them by leveraging our teams' operational expertise, modern technology, and innovation, along with an equal commitment to safety and environmental responsibility.

HILCORP IN ALASKA

- Hilcorp is the largest oil and gas operator, and the largest natural gas supplier in the state.
- Hilcorp first entered Alaska in 2011 as larger oil and gas producers were exiting Cook Inlet. In 2020, Hilcorp expanded its operations on the North Slope to become co-owner and operator of Prudhoe Bay.
- In 2024, Hilcorp made its largest ever budget commitment to future activities within the state.
- Hilcorp does business with more than 700 Alaska small businesses, service providers and vendors, spending more than \$750 million with them every year.
